Safer – Won't hurt you like metal, wood, and plastic swords.

Performances – Great for costumes and exhibitions

Artistic – Highly detailed swords

Realistic – Material on blade gives a realistic metallic look

Keeper – Environmentally safe coloring methods won't damage our Earth

Fun – You can have a lot of fun with these

Original – Unique and new products

Aesthetics – Artist designed with a highly appealing

Modern – Modern design and aesthetic appeal for the period.

Sparkfoam swords are made to be able to be used by performers both live and recorded. A bendable inner core is used to keep the sword shape, and we use a special layer of material surrounding the blade that gives it a realistic metallic look.

Sparkfoam swords can also be used as costume pieces, for play fighting, display, demonstrations, practicing the sword arts, and anything you can imagine. The product is fun, completely unique in the world, and was created by a unique artist who is very proud of Sparkfoam swords.
